OFFICE FOR THE AGING**

**PHONE: (518) 358-2963
Or
(518) 358-2272 Ext: 221**

Goal: To maintain safe home environment for elder as long as possible.

What is EISEP?

EISEP is a non-medical home care service available to eligible residents of the St. Regis Mohawk Reservation who are 60 years of age or older.

Services Provided by EISEP

Case Management:

The EISEP Case Manager, Jann Day, assists EISEP clients and their families to identify community services that will help meet the needs of the client.

**Call us at
358-2963**

In-Home Services: There are two levels of in-home service available through EISEP:

Level I - Housekeeping/Chore

Level II—Personal Care

Trained aides can provide assistance with housekeeping tasks, meal

Preparation, shopping, laundry, bathing, eating, etc. The EISEP Supervising Nurse is Mary Simons from St. Regis Mohawk Nursing Outreach. (NOTE: An aide cannot provide transportation to a client at any time)

Who May Apply for EISEP:

- Persons 60 years of age or older who need homemaker and/or personal care services to ensure their health and safety in their home.
- Perhaps you are recovering from an illness or surgery and require service only during your recovery
- Perhaps you are caring for someone 60 years of age or older and it is just too much for you to provide all that they require without making yourself exhausted & prone to illness.

How Do I Qualify: An individual must:

- Be 60 years of age or older
- Be functionally limited
- Have unmet needs
- Be unable to receive Medicaid or Medicare reimbursement for the same or similar services.
- Be maintained safely at home.
- Have an informal care-giver involved.

What is the Cost? (Amount for 2001 only)

There is no cost when:

- You are single with an income of less than \$1,081 per month.
- You are applying as a couple with an income of less than \$1,455 per month.

If your income is greater than these amounts, you may be required to "cost-share". Cost-Share means the program and you share service cost. We say may because household allowances are taken into consideration during the confidential financial assessment. The percentage you pay is based on your adjusted income.

Working with you for your Health & Safety:

We want you to remain as independent as you want to be. We don't want to take over for you. Some examples are: perhaps you can fold the laundry but are unable to handle the wet clothes from washer to the clothes line or dryer. The aide can tend to the drying. Perhaps you can bathe yourself, but can't get your arms up to shampoo. The Aide may assist with that.
